24 x 24	.32½	.37½
20 x 20	.27½	.32½
16 x 16	.22½	.27½
14 x 14	.20	.25
12 x 12	.17½	.22½

If Paper Lined, add 5c per foot.

Small Boxes, 25c to \$1.00 according to size.

BALES

Minimum charge -----	\$.35
Up to 100 lbs., per lb.-----	.01
Excess over 100 lbs., per lb.-----	.00½

RESPONSIBILITY

We endeavor to send our patrons the grade and quality of stock ordered. We do not guarantee our products or assume any responsibility after they leave our nursery, as conditions always exist over which we have no control. It is understood, in case of error on our part, that we shall not be responsible for a greater amount than the price paid.

TERMS

5% off for cash before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

5 to 25 of one variety and size will be furnished at the 10 rate, 25 to 250 at the 100 rate; 250 or more at the 1000 rate.

Introducing . . .

Truehedge Columnberry

U. S. Plant Patent No. 110

Dear Friend:—

Do you know that the Cole Nursery Company has just introduced to the public the most sensational plant origination of the decade?

For years past you have wished for a semi-dwarf hedge plant of columnar habit having the hardiness, the beautiful autumn coloring, the bright red berries, and the protective thorn of the *Berberis thunbergi*; and since the severe winter of 1933-34 which has proven so disastrous to many of the close clipped hedges, this long felt want has been intensified.

With the introduction of our Truehedge Columnberry (*Berberis t. pluriflora erecta*), your wish for a plant having the beauty and erect columnar habit of the Boxwood combined with all the good things mentioned above has been fulfilled.

This plant is already a huge success as since the "National Convention," in July, when it was first shown, the leading Nurseries of the United States have placed orders for more than 125,000 plants.

You are cordially invited to inspect our test grounds where this sensation has been growing for the past several years and without protection surviving the most severe winter of twenty years without even the tender ends of the twigs showing winter damage.

Cordially yours,

THE COLE NURSERY COMPANY

Introducers of Truehedge Columnberry

DELIVERY

"Advice from Washington is that the Plant Patent for Berberis thunbergi pluriflora erecta will be issued October 23, 1934, as 'Plant Patent No. 110.'"

Distribution and shipments will be made immediately after said patent is issued.

TRUEHEDGE COLUMNBERRY

Propagation Rights Reserved

The Truehedge Columnberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift, or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from The Cole Nursery Company. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement.

The above conditions also apply to Rose Blaze, New Dawn, Countess Vandal and all other patented plants which we sell.

(Sizes specified are "Minimum")

ROOT PRUNING AND SPACING

Cole's Shade Trees have been kept properly spaced to develop normal symmetrical tops. They have been root-pruned or transplanted.

Do not confuse them with neglected, crowded, diseased trees which are offered in abundance by some after these years of depression.

Deciduous Shrubs

The size immediately following the description indicates approximate height at maturity.

Mme. Lemoine. Double pure white.			
Marie Legraye. Single white.			
Michael Buchner. Double pale lilac.			
President Grevy. Double blue.			

New and Improved French Hybrid Lilacs

Mostly with mammoth trusses of exquisite shades far more attractive than the average common varieties.

	Each	Per 10
Doyen Keteleer. Double, light pink.		
18 to 24"-----	\$.50	\$ 4.00
Gaudichaud. Double, pale lilac.		
18 to 24"-----	.50	4.00
2 to 3'-----	.65	5.50
Jan van Tol. Single, mammoth white.		
1½ to 2'-----	.50	4.00
2 to 3'-----	.65	5.50
Mme. A. Duprat. Double, violet-rose.		
18 to 24"-----	.50	4.00
2 to 3'-----	.65	5.50
M. Van Aerschot. Single, clear mauve.		
3 to 4'-----	.80	7.00
4 to 5'-----	1.00	9.00

Syringa microphylla has an abundance of small fragrant pink flowers. It is unique in that it often has a second crop of bloom in October.

SYRINGA NEW—Continued

WINTER INJURY — DROUGHT INJURY

Millions of shrubs throughout our Country were killed by the unprecedented weather conditions of the Winter of 1933-34. This has been true in nurseries as well as in established plantings. Other millions were badly injured so that only weak, feeble growth was possible together with attendant creeping in of disease and infestation of borers.

At Coles you can buy with a feeling of safety. We cut back in the Spring of 1934 at a heavy cost more than 500,000 shrubs and plants where tops had been winter injured. We have also cultivated regularly. In this manner we have produced new robust tops and preserved our plants in excellent, healthy, vigorous, growing condition so that you may have certain success.

Evergreens

Prices include balling and burlapping roots.

GRADING

For simplicity we mention in many cases the minimum size only. However, it is our purpose and custom to include all plants up to the next larger size.

ROOT-PRUNING

During these lean years one has been apt to neglect many important duties. Root-pruning of Evergreens is most necessary yet not immediately apparent if neglected.

Cole has a regular schedule for Root-pruning—In fact, even in the year 1934 when so little work of this nature was generally accomplished, we Root-Pruned over 100,000 of our Evergreens.

The late Mr. Ernest H. (Chinese) Wilson of Arnold Arboretum (One of America's greatest and most beloved Plantsmen) said to us—

“Your CHINESE PINE

is the scarce TRUE variety practically unknown in America. It is one of the very choicest of Pines. I am glad you have such a marvelous planting to distribute to the American public. When better known Chinese Pine will be heavily planted in our country.”

sinensis. *Chinese Pine*—60'. A beautiful compact growing variety; deep glossy green foliage.

plumosa aurea. Goldenplume Cypress—18'

(Sizes and prices same as "plumosa" above.)

plumosa compacta aurea. Dwarf Goldenplume Cypress—4'

12" -----	1.25	10.00	-----
15" -----	1.75	15.00	-----
1½' -----	2.25	20.00	-----
2' -----	3.00	27.50	-----
2½' -----	3.75	35.00	-----

When fertility weakens, evergreens quickly become thin and of poor color. Cole has kept their soils in fertile condition and their evergreens are bright and colorful.

ROSES

We add a number of thoroughly tested roses to our collection each year and at the same time eliminate a few of the least worth-while.

We endeavor to always have a very high class collection to meet all needs. (See Pages 59 to 62.)

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting. Let us have your list of wants.

CHRYSANTHEMUM	Per 10	Per 100

- White Doty—Pure white. Large. Mid-season—3'
- Zelia. Striking orange. Large. Mid-season—2½'

NEW KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decoration and compelling for color effect in the garden.

APOLLO. Bronze, red and gold.

CERES. Chamoise-yellow and coppery gold.

DAPHNE. Lovely Daphne-pink.

DIANNA. Lilac-rose and salmon.

INNOCENCE. White changing pink; dwarf.

MARS. Deep amaranthe-red.

MERCURY. Coppery bronze and red.

(U. S. Plant Patent No. 58)
